

DIVIDENDS & CORPORATE ACTIONS

Comprehensive events on all your securities available as you need it. We integrate a multitude of sources, from third-party alliances to exchanges and newswires. With over 40 years experience in the gathering, processing and custom delivery of dividends and corporate action data, StatPro provides you with a single complete global events feed in a timely manner.

THE SERVICE

- Data from over 140 exchanges worldwide
- All significant corporate action elements provide
- All types of listed securities available
- Cash and/or stock announcements included
- Capital changes are trapped and distributed from splits and consolidations to bonus issue announcements
- Mandatory and voluntary events are made available in a timeframe you need in order to make informed decisions

SERVICE ADDED VALUE

- All events undergo validation based on pre-determined rules and expectations. In comparing new announcements with historic payments and expected amounts, suspect data is flagged and validated before distribution to clients
- Customized timeframe for the delivery of the information can be based on one or all of notification ex, record and pay date
- Flexible delivery - at StatPro we customize your universe feed to meet your file format free of charge
- Service - you will have access to your own dedicated account manager and customer service representative
